

MOORE STEPHENS

Helping you meet your
global objectives

Helping you grow

PRECISE. PROVEN. PERFORMANCE.

Moore Stephens member firms across the globe share common values: integrity, personal service, quality, knowledge and a global view.

What makes us different?

Moore Stephens International Limited is a global network of independent professional service firms. With our headquarters in London, our roots go back over 100 years. Throughout our history, we've provided solutions to meet our clients' national and international objectives.

So what makes us stand out?

Values

Moore Stephens member firms across the globe share common values: integrity, personal service, quality, knowledge and a global view. It is this commitment which ensures we meet the needs of clients while providing a stimulating working environment for our people. Moore Stephens International maintains a cohesive network to ensure modern and comprehensive global services that meet standards of professionalism and deliver value in each country.

Ambition

Like our clients, our aim is to develop and grow through providing valuable solutions. Our ambition is evidenced by the fact that the Moore Stephens International network continues to grow, despite the challenging economic environment.

Client-focus

Our objective is simple: to be viewed by clients as the first point-of-contact for all their financial, advisory and compliance needs. We achieve this by providing sensible advice and tailored solutions to help clients achieve their commercial and personal goals. That's why clients tend to stay with our member firms for many years.

Breadth

Moore Stephens International is regarded as one of the world's major accounting and consulting networks, consisting in aggregate of 626 offices of member firms across 108 countries, and encompassing almost 27,997 partners and staff. While size is never a substitute for quality, it ensures we have the scope to provide our clients with all the solutions and expertise they require, wherever they choose to do business. In the US and Canada member firms operate as an association in accordance with national regulation.

Relationships

Client relationships are key to everything we do. By investing time in developing strong relationships and gaining an in-depth understanding of our clients, we deliver efficient, perceptive and valuable services, with an aim of not only reacting quickly, but offering challenging advice too. Each client's affairs are handled by an individual partner or principal, who provides the focal point for client enquiries.

Availability

We recognise the importance to our clients of easy-access to high quality, professional advice. As such, the Moore Stephens partners not only lead assignments, ensuring the utmost quality and efficiency, but are also highly visible to management. But although our service is partner-led, it is not only partners that add value – clients benefit from all members of their Moore Stephens team.

Specialists

The growth of Moore Stephens International has and continues to be based on our vision to be the best in our chosen markets. Right from the start of their career, our people are encouraged to focus on specialist sectors and areas. The scope of our services to clients extends, therefore, beyond the delivery of compliance to providing sector-specific solutions and niche advice, which helps our clients make informed and confident decisions about their future.

As the world gets smaller, so it becomes more complex. Our reach and experience afford us unique insights into that future.

Global solutions

With member firms in 626 locations in 108 countries, clients feel confident that Moore Stephens can meet their cross-border requirements. The illustration shows our principal locations and examples of member firms working together to provide global solutions to our clients.
